

CALL FOR TECHNICAL PAPERS

It is our pleasure to invite you to the European Nuclear Young Generation Forum. The ENYGF is a bi-annual international event, held since 2005 by the Young Generation Network (YGN) as part of the European Nuclear Society. The aim of the event is to provide a platform for learning and networking for young professionals in all areas of nuclear application. It provides a chance to enhance international communication as well as sharing technical advances and knowledge, learning from experience and discussing best practice as well as considering social and political aspects of the nuclear industry.

The 2019 event will be hosted by the Belgian and Dutch Young Generation Networks. The theme will be “Nuclear for health. From half-lives to better lives” and there will be three main topics: Reactor & Technology, Isotopes & Radiation and Society.

Please submit your technical papers for the following subjects:

- Operations and maintenance
- Future nuclear technologies
- Decommissioning and waste management
- Medical applications, accelerators & sterilization technologies
- Communications, Education & YGN
- Nuclear Safety, Security, Safeguards and Radiation Protection
- Nuclear Policy, Economics and Social Aspects

Guide for authors:

The deadline to submit abstracts is: 15/01/2019.

To submit your abstract, please click on [this link](#):

(In PDF-format named *TP_Firstname_LASTNAME_ENYGF2019.pdf*)

Deadline for submission: **22/03/2019**

Notification of acceptance: 19/04/2019

Deadline for final paper & presentation submission: 31/05/2019
